## User's Manual

v1.0

Any comments or suggestions for improving this manual would be appreciated. Please forward your remarks to:

Applied Engineering  
P.O. Box 798  
Carrollton, Texas 75006

Attention: Manager. Technical Publications

---

Applied Engineering warrants the Z-Ram II and memory chips installed by or purchased from Applied Engineering against defects in material and workmanship for a period of 5 years from the date of original retail purchase. If you discover a defect, Applied Engineering will, at its option, repair or replace the product, provided you return the product during the warranty period, transportation prepaid, to Applied Engineering. Prior to returning the product for warranty consideration, call Applied Engineering Technical Support for a return material authorization (RMA) number and shipping instructions.

This manual and the software (computer programs) described herein are copyrighted by Applied Engineering with all rights reserved. Under the copyright laws, this manual or the programs may not be copied, in whole or in part, without the written consent of Applied Engineering, except in the normal use of the software or to make an archival copy. This exception does not allow copies to be made for others, whether or not sold, but all of the materials purchased (with all archive copies) may be sold, loaned, or given to another person. Under the law, copying includes translating into another language or format.

You may use this software on any computer owned by you but extra copies cannot be made for this purpose.

---

Applied Engineering cannot guarantee that you will receive notice of revisions to the software or products described in this manual. Be sure to check with your dealer or Applied Engineering for information on possible updates.
